

Safe, strong and secure For up to 30 tons of cargo

CornerLash® offers revolutionary cargo securing that is safe and very strong. To demonstrate how CornerLash® outperforms your current solution, we'll help you secure your **next five loads for free!**

CornerLash® delivers optimum cargo security in the container:

- CornerLash® CornerElements are unique and use the strongest point of the container for securing
- High-tech, low-elongation AAR lashing stops cargo hitting container doors
- Optimize and tailor your cargo protection across all packing types with our CornerLash® system add-ons

...which all adds up to an ability to secure up to 30 tons with complete confidence.
